CIB W098 WORKSHOP

CIB W098 WORKSHOP « INTELLIGENCE IN ASSISTED HOMES »

24.09.09
Crowne Plaza, Brugge

25.09.09
In-HAM, Gits

With the support of:

EHTEL ISfTeH
EUROPEAN HEALTH TELEMATICS ASSOCIATION International Society for
Telemedicine & eHealth

CIBSE

Intelligent Buildings Group

INTRODUCTION

On **Thursday 24th and Friday 25th September**, BCDI (Belgian Centre for Domotics and Immotics) CIB W098 workgroup and In-HAM vzw (Innovation centre in Housing for Adapted Movement) organise with the support of CIBSE Intelligent Buildings Group, the International Society for Telemedicine & eHealth (ISfTeH) and the European Health Telematics Association (EHTEL) an international workshop on “Intelligence in assisted homes”. On Thursday 24th the focus will be on assistive technologies: products on the market, view into the future. On Friday 25th September, we will take a closer look at telehealth and tele-care.

TARGET GROUP

The target group of this international workshop consists of construction industry professionals (engineers, architects, builders, ...) and the health care industry as well as health and social care organisations.

HOTEL ACCOMMODATION

These hotels are all located in the neighbourhood of the Crowne Plaza hotel:
Golden Tulip De Medici, Flanders Hotel, Best Western Premier Hotel Acacia, Oud Huis de Peellaert.
